

Dear Ministry Partner,

Ignite has always been committed to giving youth workers, volunteers and students the best youth ministry training at an affordable cost. Thus, over the years we have partnered with solid Biblical ministries that focus on quality not just product.

Last year alone we had over 20 ministry partners that all contributed to encouraging youth workers and challenging student leaders. This year we have five key premier partners and they are:

1. **LifeWay Publishing Company** – Student Division
2. **LeaderTreks** – Youth Leadership Company
3. **NAMB** – North American Mission Board
4. **Baptist Bible College** – Christian Ministry Training College
5. **Three State Conventions** – Kansas, Nebraska & Iowa for Southern Baptists

If you are new ministry partner to Ignite, let's fish together! Simply complete the registration or contact us if you are interested in joining the growing number of people committed to long term youth ministry, evangelism and effective discipleship.

As a ministry partner, here are a few things we can guarantee:

- We are spending over \$3000 on communication alone
- We have purchased 20,000 + fliers, postcards & business cards for the conference and have ministry partners that send them out with their materials.
- We are hosting 2 Pre-Ignite Luncheons.
- Last year we had roughly 450 youth workers / student leaders in attendance
- You will have access to give out and sell whatever you want
- We will be around next year – this is our seventh year.
- We teach the Bible and equip with Biblical principles.

If you are re-joining us again this year, you already know that we couldn't do this conference without you. Last year's partners paid for half of all the registrations that came in. Basically put, Ignite is a joint effort to help youth ministries do better ministry in the Midwest and we want to thank you for joining us in that calling!

As a reminder, booth registrations and payments are due by January 31st. See the booth contract form for all the free stuff that comes along with the different packages.

Thanks for your partnership,
